

Privacy Policy, Terms & Conditions

This page is used to inform visitors regarding policies and terms for anyone decided to use AWS S3 management tool created by Masaki Yoshiiwa.

If you choose to use this Service, then you agree to the following policies and all terms and conditions.

If you do not agree to all of the terms and conditions stated on this page, please do not continue to use our services.

Information Collection and Use

For a better experience, while using our Service, I may require you to provide us with certain personally identifiable information. The information that I request will be retained on your device and is not collected by me in any way.

I will not use or share your information with anyone except as described in this policy.

Log Data

I want to inform you that whenever you use this Service, in a case of an error in the app I collect data and information (through third-party products) on your phone called Log Data. This Log Data may include information such as your device Internet Protocol ("IP") address, device name, operating system version, the configuration of the app when utilizing this Service, the time and date of your use of the Service, and other statistics.

Service Providers

I may employ third-party companies and individuals due to the following reasons:

- To facilitate our Service;
- To provide the Service on our behalf;
- To perform Service-related services; or
- To assist us in analyzing how our Service is used.

I want to inform users of this Service that these third parties have access to their Personal Information. The reason is to perform the tasks assigned to them on our behalf. However, they are obligated not to disclose or use the information for any other purpose.

Security

I value your trust in providing us your Personal Information, thus we are striving to use commercially acceptable means of protecting it. But remember that no method of transmission over the internet, or method of electronic storage is 100% secure and reliable, and I cannot guarantee its absolute security.

Links to Other Sites

This Service may contain links to other sites. If you click on a third-party link, you will be directed to that site. Note that these external sites are not operated by me. Therefore, I strongly advise you to review the Privacy Policy of these websites. I have no control over and assume no responsibility for the content, privacy policies, or practices of any third-party sites or services.

Terms & Conditions

By downloading or using the app, these terms will automatically apply to you – you should make sure therefore that you read them carefully before using the app.

Your access to and use of our Services or any Content is at your own risk.

YOU UNDERSTAND AND AGREE THAT THE SERVICES ARE PROVIDED TO YOU ON AN "AS IS" AND "AS AVAILABLE" BASIS. WITHOUT LIMITING THE FOREGOING, TO THE FULL EXTENT PERMITTED BY LAW, Our services DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT.

Our services makes no representations or warranties of any kind with respect to the Services, including any representation or warranty that the use of the Services will (a) be timely, uninterrupted or error-free or operate in combination with any other hardware, software, system, or data, (b) meet your requirements or expectations, (c) be free from errors or that defects will be corrected, (d) be free of viruses or other harmful components; or (e) be entirely secure or that the information you share with us will be secure.

We reserve the right to make changes to the app or to charge for its services, at any time and for any reason. We will never charge you for the app or its services without making it very clear to you exactly what you're paying for.

The AWS S3 management tool app stores and processes personal data that you have provided to us, to provide this Service. It's your responsibility to keep your credentials and access to the app secure. We therefore recommend that you do not jailbreak or root your phone, which is the process of removing software restrictions and limitations imposed by the official operating system of your device. It could make your phone vulnerable to malware/viruses/malicious programs, compromise your phone's security features and it could mean that the AWS S3 management tool app won't work properly or at all. Also, we declare that we are not responsible for any problems with your credentials and secure access to the app.

You should be aware that there are certain things that we will not take responsibility for. Certain functions of the app will require the app to have an active internet connection. The connection can be Wi-Fi or provided by your mobile network provider, but we cannot take responsibility for the app not working at full functionality if you don't have access to Wi-Fi, and you don't have any of your data allowance left.

You should remember that you may be charged by your mobile provider for the cost of data for the duration of the connection while accessing the app, or other third-party charges (such as AWS). In using the app, you're accepting responsibility for any such charges, including roaming data charges if you use the app outside of your home territory (i.e. region or country) without turning off data roaming. If you are not the bill payer for the device on which you're using the app, please be aware that we assume that you have received permission from the bill payer for using the app.

It's important to bear in mind that although we endeavor to ensure that it is updated and correct at all times, we do rely on third parties to provide information to us so that we can make it available to you. we accept no liability for any loss, direct or indirect, you experience as a result of relying wholly on this functionality of the app.

At some point, we may wish to update the app. The app is currently available on Android & iOS – the requirements for the both systems (and for any additional systems we decide to extend the availability of the app to) may change, and you'll need to download the updates if you want to keep using the app. We do not promise that it will always update the app so that it is relevant to you and/or works with the Android & iOS version that you have installed on your device. However, you promise to always accept updates to the application when offered to you. We may also wish to stop providing the app, and may terminate use of it at any time without giving notice of termination to you. Unless we tell you otherwise, upon any termination, (a) the rights and licenses granted to you in these terms will end; (b) you must stop using the app, and (if needed) delete it from your device.

Changes to this contents

I may update our terms from time to time. Thus, you are advised to review this page periodically for any changes. I will notify you of any changes by posting the new contents on this page.

This policy is effective as of 2022-10-24
